- Net income refers to your actual take home pay (or the amount of money you receive *after* taxes and other deductions have been subtracted from your total gross income). **To calculate your annual net income**, multiply your monthly take-home pay by 12. Couples must first add both partners' monthly net incomes together and then multiply by 12.
- All fees are due at the time of services unless other arrangements have been made.
- New Beginnings Counseling does not bill insurance. You will receive a receipt for services, which can be submitted to your insurance company, and they may or may not reimburse you depending on your policy.
- New Beginnings Counseling is not able to accept Medicaid or Medicare as those services are reserved for community mental health agencies.
- Acceptable forms of payment are cash, checks, debit and credit cards (except for Discover and American Express).
- Checks should be made payable to Lynne Springer, MSW or New Beginnings Counseling.
